A month ....

If I can convince him in a month ...

I can finally publish a book !

Do not upload this project to online manga reading sites !

So ...

You haven't been paid for your work...and haven't paid for your rent... You want me to let you stay here for a month?

Did I get that right ?

고마 고마

Oh, man ...

I feel sorry for her. I really do. I know I should let her stay but ... I don't like living with someone else...

Besides...

I will give you a month. In a month, you must come up with a reason why the men must love the woman.

If you can convince me that he has to love her, then yes.

... Still. Look at her. I can't ... let her down.

Well, if it's only for a month, yeah.

Really ?!

Thank you, eunni !

약

My things will be arriving here tomorrow! Don't worry, I will take care of them!

약

...I feel like I crossed a river that I should never have.

What?!

Hang on a sec... I just told you can stay here. What's going on here?

Hehehe, well, I knew you'd let me stay !

I forgot to tell you that I had a huge fight with my landlord. And I told her that I'd move out. Anyway, I've brought just essentials with me right now.

I wonder if I can revoke what I said...

Over here ! Be very careful !

Glasswares are in that ! Be careful !

I told you to be careful! Do you know how expensive these are?!

Be careful ! But be quick !

O... Okay.

3 more boxes to go!

Okay...

Almost done.

So, that's your boyfriend? This is my first time seeing him.

Why don't you help him out a bit? He's sweating like crazy.

I'd rather not. This new dress gets dirty easily.

Why would you swear something like that on a moving day?

Well, duh. Because my BF is coming! So, how do I look?

She doesn't know what's more important!

2 more boxes! Go! Go!

I bet that bitch has nothing in her head... other than some loose proteins...

Yeah..., okay...

Phew. Those are all, right ?

Good work !

Ah ...

I haven't introduced myself to you. My name is Lee Seung Hyeon.

Nice to meet you. I am Jeong Unoo.

I see you moved your stuff in already. Well, it's tough out there.

Pardon? What are you talking about?

It's over! Why don't we go out to eat?! I left my purse in there... Would you get it for me?

Yeah? Okay.

Time to explain, girl.

It's nothing really...

Say what ?!

You told him that you were moving... and I was moving in with you cuz I lost my job...

That's the gist of it. You make it sound pretty bad.

Why can't you tell him the truth ?! He's your boyfriend for God's sake !

That's why I can't be all high and mighty if my life sucks like that!

So, you made my life suck... I see... I see. I see now ...

C, come on ... Take it easy... Now... that's out in the wildness. Can I ask you a favor ?

Can we keep this a secret ....
